

**Reclaim Equipment
Company**

Water Reclamation Specialists

RAINMAKER 125 & 180

***Maximize your Profits with a
Water Reclaim System!!***

Key Features

- ◆ **Reduce Water Bills**
- ◆ **Reduce or Eliminate Sewer Impact Fees**
- ◆ **100 GPM to 180 GPM**
- ◆ **Self-contained, Pre-wired, Pre-plumbed**
- ◆ **Pressurized Filter Water Drain (No Mess)**
- ◆ **Pressurized Ozone System**
- ◆ **Fully Automated**
- ◆ **Disposable Filters (From 25 micron to 1 micron your choice)**
- ◆ **Small Footprint, Takes minimal space**
- ◆ **Provides Clean, Oder Free Water**
- ◆ **Powder Coated Frame**
- ◆ **Optional Self Cleaning Filter**

Equipment Specifications

Height	74" (187.96 cm)
Width	80" (203.20 cm)
Depth	30" (76.20 cm)
Weight	900lbs. (403 Kg)
Primary Pump Type	5-HP Sta-rite Pump (3-Phase) (self-priming)
Ozone pump type	1 1/2-HP Sta-rite Pump (3-phase) (self-priming)
Flow Rate	100 -200 gpm
Inlet Size	2" - 3" (Sched. 80)
Outlet Size	1 1/2" -2" (Sched. 80)
Bladder Tank (cap.)	3 gals (124.92 L)
Ozone System	28 grams (pressurized)
Filtration System	(3) 5-50 Micron Disposable Filters Optional Self Cleaning Filter
Supply Power	208/230/480/575 3-phase 60 cycles/sec
Control Power	115 VAC 1-phase (15 amp max)
